# Antarctica

**THE WEDDELL SEA  
AND DEEP SOUTH**

This adventurous polar expedition in the Antarctic Circle explores rarely visited regions of the northern Weddell Sea as well as traveling further south in the Antarctic Peninsula than most voyages. Our journey includes iconic landing sites of Ernest Shackleton's legendary Elephant Island and the many icy and wildlife-filled islands of the Crystal Sound. Key landing sites make this voyage truly exceptional! Be prepared to see massive tabular icebergs, dramatic landscapes, and fascinating historical sites. The vistas are awe-inspiring, the wildlife encounters are lifechanging, and the quiet, peaceful setting is difficult to describe. Diving and snorkeling opportunities will be offered for those interested.
