Legally for US Citizens

CUBA

January 26-February 4, 2017

Learn about Cuba's unique marine environment during an Oceans for Youth Foundation People-to-People educational program. Citizens of the U.S. will fly into Havana where they will spend a full day meeting with scientists about Cuba's marine parks. After two nights in Havana, transportation is provided to the southern town of Jucaro, where the Jardines Aggressor live aboard docks. Guests will depart for six days of scuba diving in the Gardens of the Queen (Jardines de la Reina) National Park, one of the oldest marine national parks in the world, located 60 miles off the southern coast. Biologists will host discussions and presentations covering many topics including: proper mooring procedures and installations, fish tagging, commercial fishing and other local environmental issues.

The Jardines Aggressor live-a-board is a floating resort with deluxe accommodations, onboard chef, professional crew and state-of-the-art diving amenities. Join the DUI crew for an Oceans for Youth Foundation People-to-People educational tour and learn about the many treasures in this Caribbean paradise, Cuba!
