

## Isla Mujeres, Mexico Snorkeling with Whale Sharks July 15 - 21, 2019

© Steven P. Smith 2016

Imagine swimming with the largest fish in the ocean, Whale Sharks! Join Blue Green Expeditions on this trip of a lifetime! Hundreds of Whale Sharks arrive in Isla Mujeres for their annual migration into the plankton rich, beautiful turquoise waters off the Yucatan coast. These gentle giants can grow up to 40 feet and weigh up to 11 tons. While swimming with the whale sharks you may also encounter huge sea turtles, manta rays

and three different species of dolphins. This is an amazing opportunity to swim with Whale Sharks in their natural habitat and experience a trip you will never forget! It is also possible to get certified as a diver on this trip! On land, there are many optional excursions to discover the natural beauty of Isla Mujeres.
