

# Experience the Arctic!

JUNE 27-JULY 14, 2028

## CIRCUMNAVIGATE SPITSBERGEN

Join Blue Green Expeditions for an EXCLUSIVE special full boat charter aboard M/V Ortelius for a rare opportunity to circle Spitsbergen and visit remote islands such as Bear and Hopen Island!

This Arctic adventure includes opportunities to see the polar bears and walrus of Spitsbergen. Participants will have the opportunity to join several citizen science projects such as phyto & zooplankton collection, macro algae collection, benthic surveys, ROV surveys and beach clean ups of plastics and nets. Diving, snorkeling and kayaking are offered, as well as land excursions and zodiac cruises.

Prepare for a profound appreciation of this pristine, delicate Arctic ecosystem, and the megafauna we encounter as well as contributing to the growing body of scientific knowledge. Land excursions, presentations by the expedition team, and zodiac tours will allow you to experience the very best of the Arctic.
