Tubbataha is made up of two reefs which enclose a sandy lagoon frequented by nesting turtles. At Tubbataha, vertical walls and dramatic drop offs provide for the Philippines best big fish diving! You can expect to see large Napoleon Wrasse, Bumphead Parrotfish, Massive schools of fish, White tip and Grey reef sharks and the occasional Manta, Hammerhead, Tiger or Whale Shark! That is just the tip of the iceberg! There are so many species to see from pygmy seahorses, numerous species of nudibranchs, turtles, and some of the most pristine corals in the world! And don't forget the amazing muck diving at Dumaguete!! We will end our trip with 2 days at Atlantis' Dumaguete resort where we can relax and be pampered...or enjoy even more diving! This unique trip allows you to dive the best dives sites of the Philippines in one incredible journey!
